

## Mike Field Jazz Quintet – Technical Ryder

**Name of Act:** Mike Field Jazz Quintet  
**Contact Person:** Mike Field info@mikefieldjazz.com +64 20 401 85126  
**Instruments:** Piano, acoustic bass, drums, trumpet, tenor saxophone, vocals, acoustic guitar

**We will play pre-recorded music on a CD:** No  
**We will need FOUR microphones for performing live music:** Yes

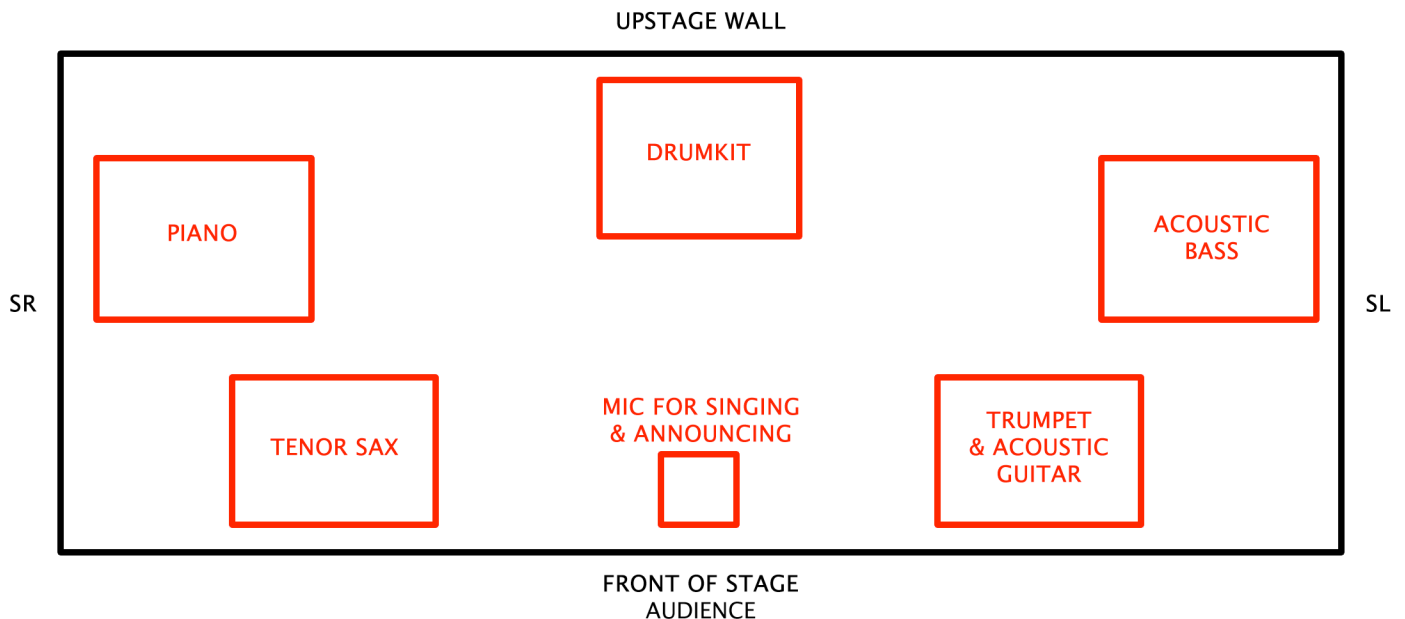

**Our microphones will be used for:**

Saxophone	
Trumpet	(Musician will bring clip-on mic We just need an XLR input for it)
Drums	(Depends on venue)
Singing	The trumpeter will sing and announce set

**We will need THREE (3) direct inputs (D/I):**

Acoustic Bass w/ pickup
Piano / electric keyboard
Acoustic guitar

### Stage Layout:

### Notes:

Our band is a five-person jazz combo: piano, upright bass, drums, trumpet & sax. The trumpet player will also sing and play acoustic guitar. We'll need a vocal mic with a monitor and a D/I for the guitar. The trumpet has his own clip-on mics, so all we need is an XLR input for it. If an acoustic piano can be provided, that would be preferred. Otherwise, we can bring our own electric piano and piano amp (but we'll need a D/I for it too). The bassist will bring a bass amp, which we'll need a D/I for. We'll leave it up to the sound technician as to whether the piano, bass and drums should be miked. Thanks!
